

Connecting Chrome OS to the College Wi-Fi

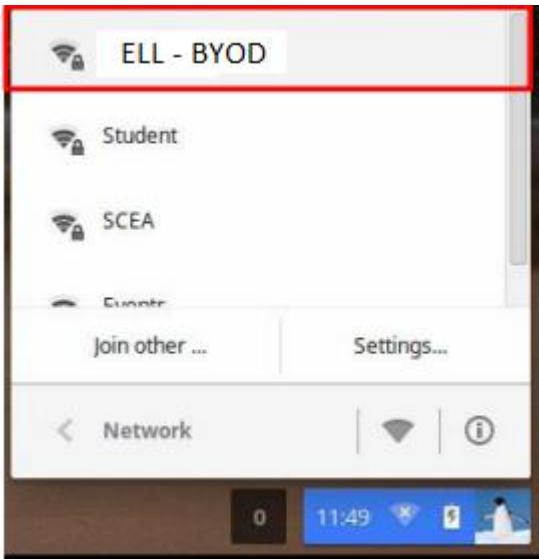

Click on the network icon at the bottom right of the screen.

On the menu that appears, click the button displaying your network status.

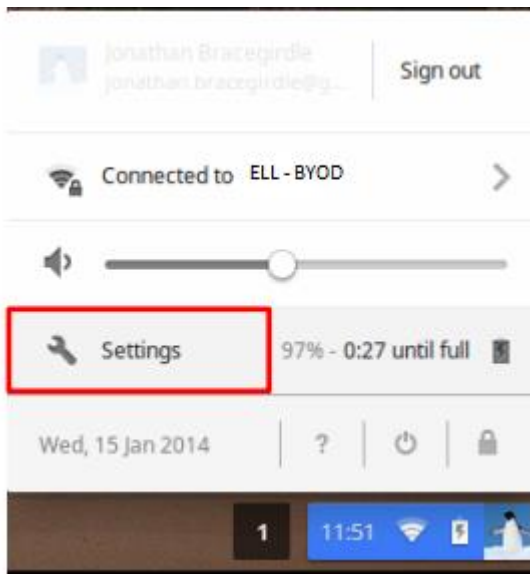

Select "ELL-BYOD" from the list of networks that appear.

Enter the details as shown in the screenshot below (where littlejo12 is your school user name).
When you are done, click "Connect".

SSID:	ELL - BYOD
EAP method:	PEAP
Phase 2 authentication:	Automatic
Server CA certificate:	Do not check
Subject Match:	
User certificate:	
Identity:	sceanet\littlejo12
Password:	*****
Anonymous identity:	
<input checked="" type="checkbox"/> Save identity and password	
<input type="checkbox"/> Share this network with other users	

When it is successfully connected, click on the network icon at the bottom right hand side of the screen, then click "Settings".

In the “Settings” page, click on “Wi-Fi network” and then select “ELL-BYOD” from the list that appears.
