

Connecting iPads to the College Wi-Fi

From the iPad Home screen, tap “Settings”.

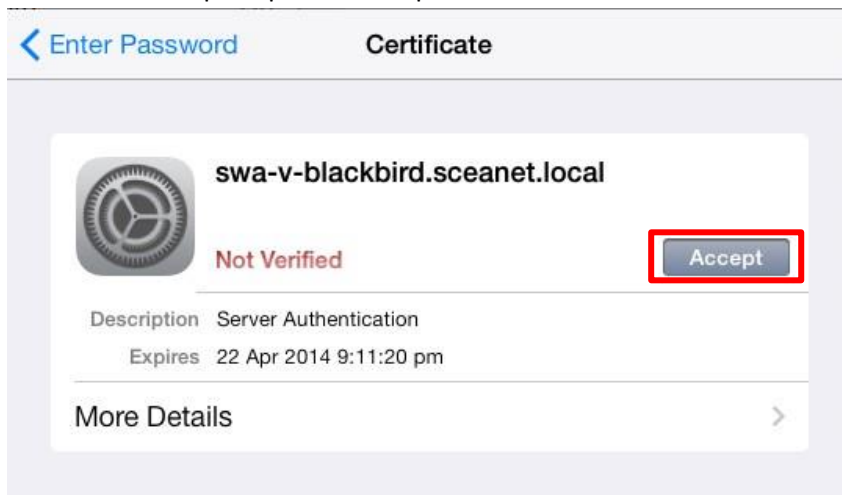

Tap “WiFi” from the list on the left hand side of the screen and then tap on “ELL-BYOD”.

You will need to enter your school credentials as shown in the screenshot below. Tap “Join” to continue.

You will then be prompted to accept a certificate for the wireless network. Tap “Accept” to proceed.

When successfully connected, a tick will appear next to “ELL-BYOD” and you can start using the school’s network resources.
